## Cumulative Q3 FYO3/24 results (out February 6, 2024)

## Overview

Cumulative Q3 FYO3/24 (April-December 2023) earnings results

- Sales: JPY86.2bn (+5.2\% YoY)
- Operating profit: JPY3.1bn (+30.9\% YoY)
- Recurring profit: JPY3.Obn (+21.8\% YoY)
- Net income attributable to owners of the parent: JPY1.7bn (+71.5\% YoY)

## Operating results and business conditions

Sales rose $5.2 \%$ YoY due to an increase in the number of prescription filled in the Community Pharmacy Network segment. The prescription unit price fell in the Community Pharmacy business owing to the impact of off-year National Health Insurance (NHI) drug price revisions and the end of the transitional measures for community support system premiums, but the number of prescriptions filled increased, as patients felt more at ease with seeking medical consultations following the
downgrading of COVID-19 to a Class 5 infectious disease. The utilization of digital technologies, including the use of the LINE instant messaging app for transmitting prescriptions, and enhanced patient follow-up during medication periods also boosted prescription volume.

Operating profit rose $30.9 \%$ YoY, and EBITDA reached JPY5.4bn (+19.5\% YoY). This was mainly due to company-wide efforts to improve productivity and contain various expenses. Note that starting from Q1, the costs of the business development division, which were previously allocated to the Leasing and Facility-related Segment, have been transferred to the Community Pharmacy Network Segment due to the decision to focus on pharmacy development.

In cumulative Q3, the rate of progress toward the company's full-year earnings forecast was $75.7 \%$ for sales, $87.7 \%$ for operating profit, $88.2 \%$ for recurring profit, and $102.6 \%$ for net income.

## Segment results

Cumulative Q3 FYO3/24 results by segment were as follows.

## Community Pharmacy Network

- Segment sales: JPY82.1bn (+5.2\% YoY; including intra-group sales and transfers between segments, same applies below)
- Segment profit: JPY5.Obn (+15.5\% YoY)
- This is a new segment that integrates the former Pharmaceuticals Network business, the Dispensing Pharmacy business, and the manufacture and market pharmaceuticals business (mainly Feldsenf Pharma) previously included in Other. A digital shift business that utilizes instant messaging app LINE was added to the segment from FYO3/21.

## Community Pharmacy

The prescription unit price fell due to the impact of off-year NHI drug price revisions and the end of the transitional measures for community support system premiums, but the number of prescriptions filled increased, as patients felt more at ease with seeking medical consultations following the downgrading of COVID-19 to a Class 5 infectious disease. The outbreak of several respiratory infections, and the utilization of digital technologies, such as the transmission of prescriptions using LINE, also pushed up the prescription volume. During the period under review, the company opened nine community pharmacies, including four inside medical malls. As of end-December 2023, the company had 436 community pharmacies, one in-home care plan support center, and 10 cosmetics/drug stores.

## Pharmaceuticals Network

The number of new network affiliates fell short of expectations due to pharmacy closures and withdrawals resulting from M\&A. However, the total value of pharmaceuticals orders placed by network affiliates was largely in line with projections, backed by an increase in the value of pharmaceuticals procurement by existing affiliates. As of end-December 2023, pharmaceutical network affiliates totaled 9,503 (+591 from end-FYO3/23), comprising 436 directly operated pharmacies and 9,067 affiliates.

## Manufacture and Market Pharmaceuticals

The company offered 101 products ( 48 ingredients) as of end-December 2023. While the company stopped accepting orders for some products due to the impact of shipment adjustments, the number of new partner pharmacies steadily grew in Q3, with the total number of partner pharmacies reaching 4,414 (+847 YoY) as of end-December 2023.

## Digital Shift

The company established subsidiary PharmaShift Co., Ltd. on October 1, 2020, to create a "new pharmaceutical platform" for the digital age. In March 2021, the subsidiary launched the "Tsunagaru Pharmacy" service utilizing its official LINE account. As of end-December 2023, the number of pharmacies using the service was 4,445 (+1,054 from end-FY03/23).

## Leasing and Facility-related

- Segment sales: JPY2.6bn (+4.6\% YoY)
- Segment profit: JPY129mn (versus a loss of JPY97mn in cumulative Q3 FYO3/23) Research

## Operating conditions of serviced elderly housing facilities

Segment sales grew $4.6 \%$ YoY, driven by robust management fee income from properties under management and an increase in construction orders. The segment continued to be profitable in Q3, sustaining its profitability from Q2. This was attributed to the transfer of the costs of the business development division to the Community Pharmacy Network segment and the review of staff allocation and advertising expenses for the Wisteria serviced residence for the elderly. As of endDecember 2023, the company reported stable occupancy rates at three of its five properties (the total occupancy rate at the five serviced residences for the elderly stood at $83.3 \%$, while for the remaining two, at Wisteria Senri-Chuo it reported an occupancy rate of $62.2 \%$ (with 51 out of 82 units occupied), and at Wisteria Minami Ichijo it reported an occupancy rate of $75.9 \%$ (with 88 out of 116 units occupied).

## Meal Catering

- Segment sales: JPY1.8bn (+4.7\% YoY)
- Segment loss: JPY24mn (versus loss of JPY55mn in cumulative Q3 FYO3/23)

## Higher sales and operating loss

While sales grew owing to a revision of the contract unit price, the gross profit margin declined due to rising purchase prices. The segment remained in the red as a result.

## Other (mostly home-visit nursing care)

- Segment sales: JPY237mn (+3.9\% YoY)
- Segment loss: JPY30mn (versus a loss of JPY14mn in cumulative Q3 FYO3/23)

## About Shared Research Inc.

We offer corporate clients comprehensive report coverage, a service that allows them to better inform investors and other stakeholders by presenting a continuously updated third-party view of business fundamentals, independent of investment biases.
